

Derby Kingsway and Ilkeston Community Hospitals

Sector:	Health
Client:	Derbyshire Mental Health Trust
Main Contractor:	Costain Limited
Budget:	£500,000
Duration:	50 weeks
Completion:	May 2009

Renov8 was awarded the £500K internal carpentry joinery package to fit out Kingsway Hospital, in Derby, and Ilkeston Community Hospital. This included all doors, skirting, windowboards, firescreens and cladding to soffits. An extension to contract also saw the company developing the raised bed area at Ilkeston, this involved the installation of 460 railway sleepers, which had to be drilled, resin anchored, bonded and braced to prevent spread.
