In February 2009, Hammonds, situated in Rutland House, kick started the £10M overhaul of its Edmund Street Birmingham office – its home since 1963 – that will transform the site into flagship UK office facilities.

Renov8 were awarded the prestigious £600,000 fit out contract involving installation of doors, ironmongery, windowboards and skirting and in addition bespoke joinery and specialist fixtures and fittings such as the 9th and ground floor reception desks, breakout areas, kitchens and vanity units. Hammonds 230 staff and extensive client base in the city will benefit from a raft of enhancements, including a ground floor café, an executive lounge and a new double height entrance to the building. The office block will also undergo a complete exterior facelift.
